# *INSIGHTS*

*Illinois College of Optometry  
Nineteen Hundred and Eighty Five  
Volume Four*

# *Insights To Chicago*

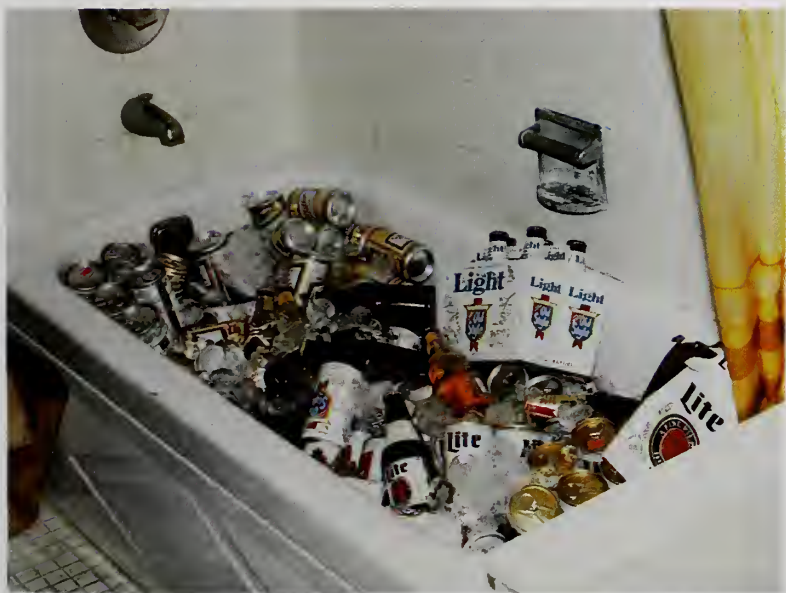

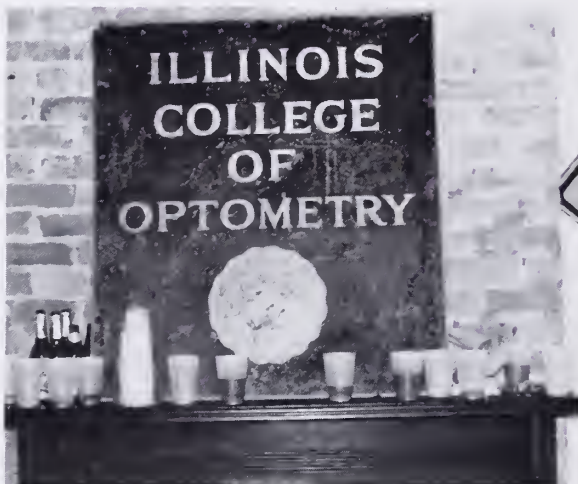

# *Social Life*

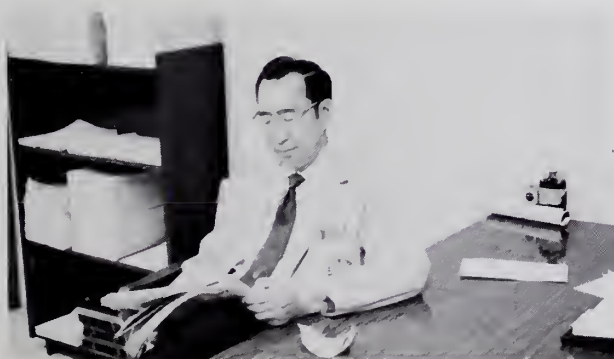

# Dedication

Since graduating as an optometrist from Northern Illinois College of Optometry in 1946, Dr. Roy Teshima has dedicated himself to the profession of Optometry. Spanning four decades, Dr. Teshima has worn the many different hats of his profession. As a private practitioner, as a clinical and academic instructor, as divisional chairman, and as a member of the National Board of Examiners in Optometry, he has been an example of leadership and professionalism in optometry.

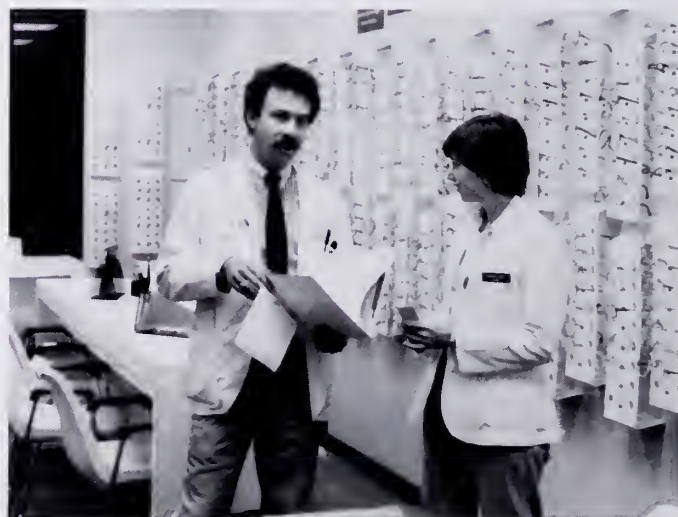

Dr. Teshima has his roots deep in the earth of his profession and is admired by the administration, faculty, and students alike. To many he is Optometry at ICO. Therefore, as he has dedicated himself to his patients, his school, and his profession, we in turn dedicate this 1985 edition of *Insights* to Dr. Roy Teshima, Professor of Optometry.

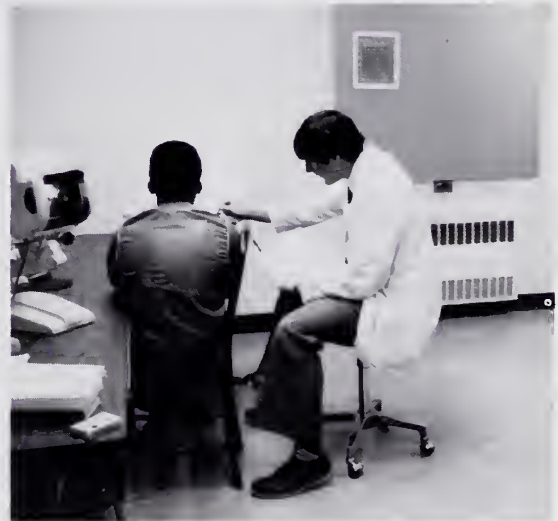

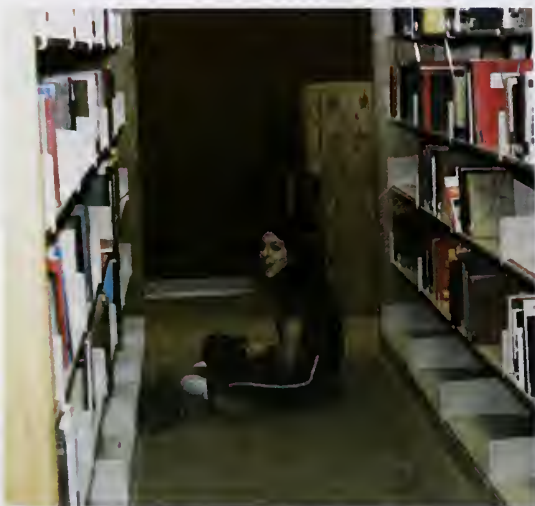

# *Clinic Life*

*Since you came to the Illinois College of Optometry, there have been more changes occurring than in the previous thirty years. I am pleased to have had the privilege of being here during that time and I compliment you on your patience and understanding. Our objectives during your last year are to improve the curriculum, to have better intern experience in the Clinic, and to provide optimum patient care . . . all of which should help better prepare you for professional practice. Hopefully, as your professional life develops, you will understand why all of the changes at the Illinois College of Optometry are in the interest of meeting the needs of a changing profession, and also to address the philosophy of full-scope optometry. We will continue to implement the changes at ICO in the best interest of the institution, education, and patient care.*

*Best wishes to you in your endeavors. It is my hope that you will leave with an allegiance to your Alma Mater and also to your state and national associations and the profession. My wish is that you are happy and successful in your chosen career.*

*Boyd B. Banwell, O.D., D.O.S.  
President*

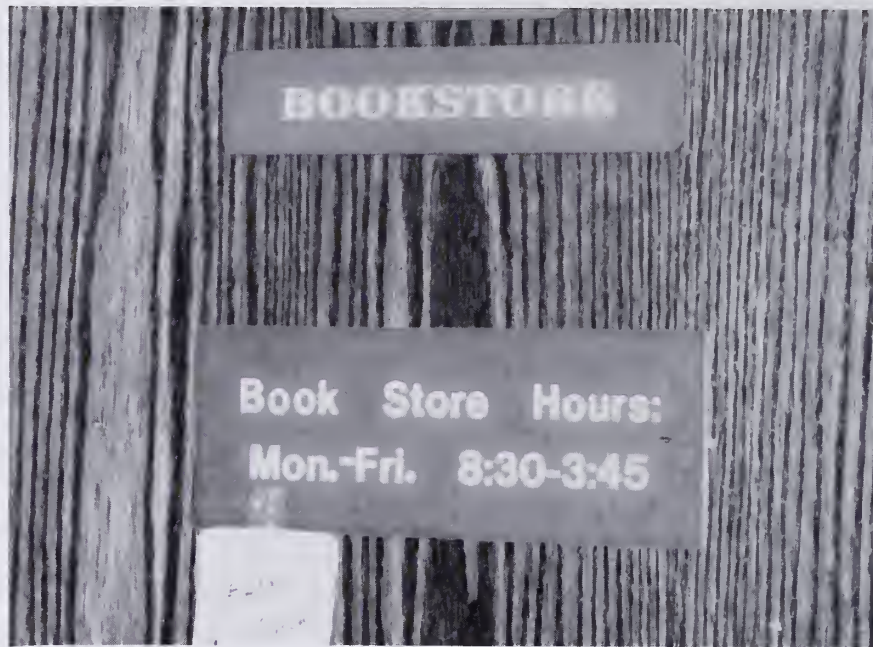

*I congratulate the Class of 1985 as you begin your professional careers. I hope that your experience at ICO has left each of you with the realization that your education has only begun and that you owe to both yourselves and your patients an on-going commitment to learning and, in turn, professional growth.*

*I am certain that you will find your future to be both challenging and rewarding and offer you my sincerest best wishes.*

*David A. Greenberg, O.D., M.P.H.  
Vice President for  
Academic Affairs/Dean*

When we pick up this book five or ten years from now, we will remember many things about our time spent here at ICO. The endless changes in administration, policies, and faculty; and the endless sea of memo's which seemed to flow from our mail boxes will all be in the backs of our minds.

What I'm sure you'll remember will be the familiar faces of our classmates and friends; those who made these four years here at ICO special. To the classes we sometimes went to, to the parties we never missed, and to the clinic we always seemed to be checking out of, this book is special, as are the memories it creates.

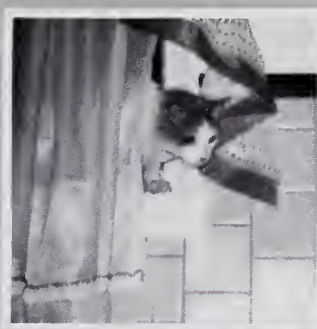

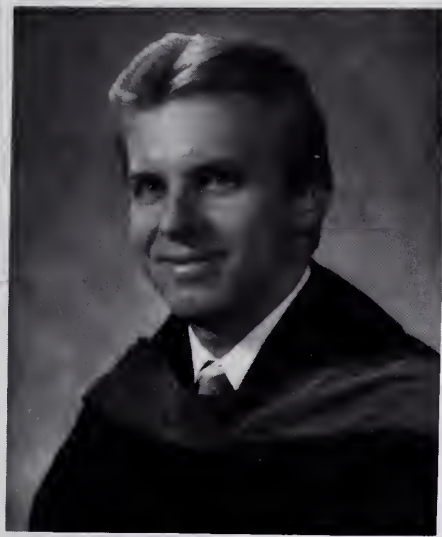

We wish you all the very best in your future endeavours and thank you for all the good times we shared.

Take Care,  
Hins & Hick

Ferris State College

AOSA, Class Rep, Omega Delta, COVD, VOSH,  
COE, CL Society, Gold Key, SAFSO, Who's who  
among students in American Colleges and  
Universities, Outstanding Young Men in America

To my father—who  
provided the inspiration,  
motivation, and role  
model;

To my mother - who  
taught me love,  
strength, faith, and gave  
me support like no one  
else I know;

To my brothers and sisters - who helped me  
understand what "family" means in good times and  
bad;

To my grandparents -  
who taught me all of  
this, along with  
compassion,  
perseverance, and  
common sense;

To Renee - who has  
brightened my life,  
shown me how to live  
and is my "future";

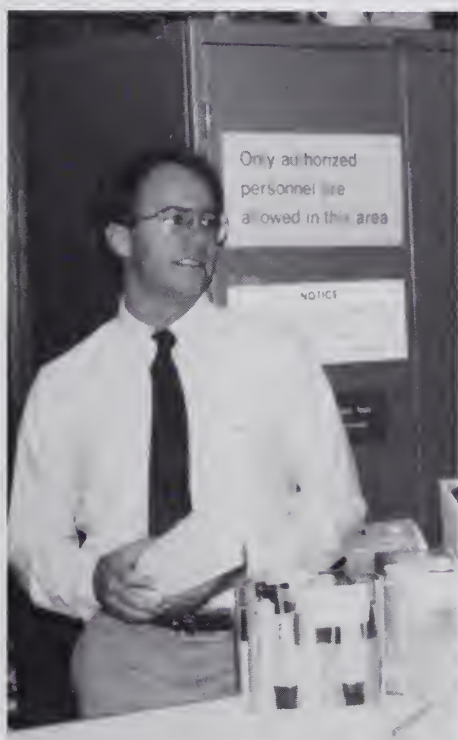

I thank you and the  
good Lord above

With all my heart and  
soul.

# UNDERGLASSES MEN

# Class Of 1988

*From gunners to partiers, the ICO class of "88" has them all, but even with our diverse backgrounds we still have much in common. This binds us together not only as friends but also as colleagues. We are confident that the next four years at ICO, will be an exciting learning experience for us all. Our class is a great group of people, who will become competent and caring professionals. We are proud to be in such good company.*

# Class Of 1987

Another year has passed, bringing us closer to our future goal. This past year has truly challenged us, but has also taught us many skills needed to become professional Optometrists. Our class has grown not only in knowledge but also in strength. A year ago we were thrown together in a new situation, all with one common goal in mind . . . . . to become future Doctors of Optometry. Today we still desire that goal, but have grown together, helped each other and built bonds of friendship we will never forget. Next year as we enter the clinic we will be able to apply this knowledge and prove that we as a class can make fine doctors and help to better this growing field of Optometry.

# Class Of 1986

The year 1984-85 for the Third Year Class can be summarized in one phrase: "Dreams Become Reality." The fulfillment of lifelong dreams has been shown to us in many ways this past year, most memorably at the Winter and Summer Olympics, where many aspired to be the best and few succeeded in the task. We have seen the Chicago Cubs and Bears persevere to be league champions and have shared their triumphs and defeats. Here at ICO, the dreams of many have been realized. In the completion of a new and magnificent library and the near completion of a lecture hall and sports facility. Within the Third Year Class, we have made the dream of hosting an AOSA National Congress a reality for 1986, with hopes to provide "Insight Into Eyesight." For many who have come to ICO to become optometrists, their dream has been partially fulfilled as interns in the Eye Clinic. The responsibility to provide the best vision care has been awesome, but the rewards beyond measure. We share the hopes and dreams of ICO and wish the graduating Class of 1985 success and happiness in all their personal and professional endeavors.

# Funky Faculty Faces

Can you say vision training I knew you could.

Lets put on our thinking caps now cowboys and cowgirls.

(Nerd)<sup>2</sup> or which one is the flounder?

Can you count to 3 Aargh, Aargh.

Speaks for itself.

Alright, who broke wind?

Hey Jim I think she had onions for supper!!!

Want to be dispensed little girl?

It certainly was worth waiting 8 weeks for my new glasses from ICO.

## *Insights*

*The 1985 INSIGHTS staff would like to express their gratitude to the following people: Barry Stein, Tim Hickman, and Doug Hinson for their photographic contributions, and to those who kindly volunteered their own personal pictures to the yearbook. Ramona Komasinski for kindly volunteering her time to help organize and aid in the production of the 4th year section. Everyone involved with sales and to the entire production staff who volunteered their time many nights to help put this book together. Without you a yearbook would not be possible. And finally to all of those who were able to put up with Steve and myself. We thank you all.*

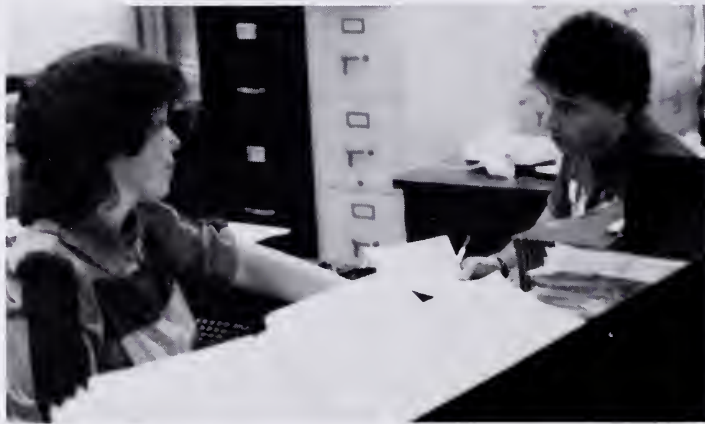

# STUDENT LIFE

*Let's see, my loans come to \$4000 plus my first born child!!!*

*Increase my tuition to \$11,000 I'll show you.*

*A Student maximizes the new librarys potential to its fullest extent.*

*Pediatrics is my specialty.*

*Who'd we lose this week?*

*What do you mean they're outta beer?*

*Tell the truth now Linda or your nose will grow longer!*

*Do unto ICO as ICO has done unto you.*

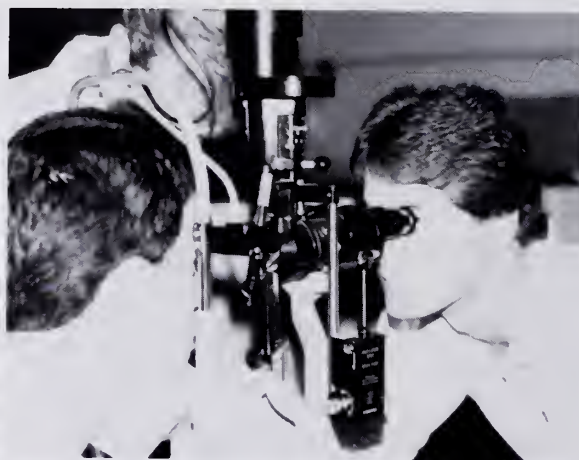

*Take me, I'm yours*

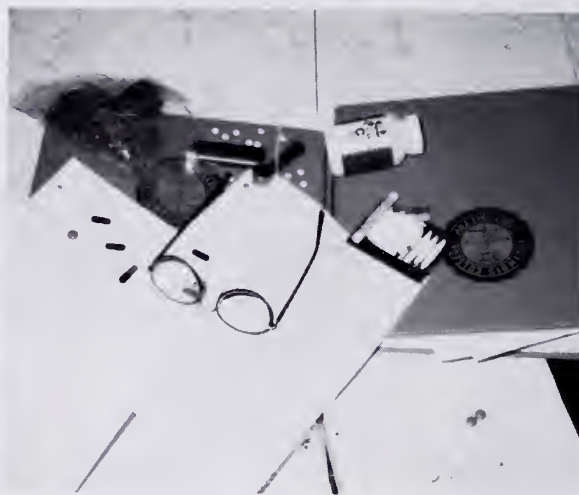

# Some Things Just Never Change

*What do you mean I have a hypodeviation?*

*Supporters of ICO*

*ICO brings out the best in a person*

*Dr. Spindel says it's nothing to worry about!*

*After being admitted to ICO it only takes a short while before you find yourself rushing to the mailboxes looking for that letter from home. Once school gets going it doesn't take long to decide which lecture is worth waking up for. Then, when you get to clinic, new questions arise such as: "Why is my patient a half hour late?" or "Does V.T. really work?" All of this describes a student's life here at ICO.*

*Optometry: A career with a big future.*

*Lonely ICO Maytag repairman*

*Spring Break - '86*

*I wonder if I can fit one of these lensometers into my bag?*

*You got your choice; Either this goes in or these go in.*

*By the power invested in me I confer upon thee the degree of Doctor of Optometry.*

*Come on mama, daddy needs a new pair of shoes!*

*No Gary, the cactus won't talk to you either.*

*pretend you're talking to a patient*

## WIN A VIRGIN

OH, WHAT A PRIZE

Yes, indeed, this gorgeous boy can be yours! (Heavy breathing) And best of all, he's a virgin! Sign up now. Show a little heart. He'd feel more comfortable with an older woman, but right now he's desperate. So please give something of yourself to someone less fortunate. **GARY** needs love just as birds need to fly. Please enter now and consummate his young life.

Send your name, picture and panty sample to:  
Gargoyle Virgin Consumation Contest  
420 Maynard

## Conventions

*Hmm-25 y/o hot mama seeks GLK 25 y/o professional student for a good time.*

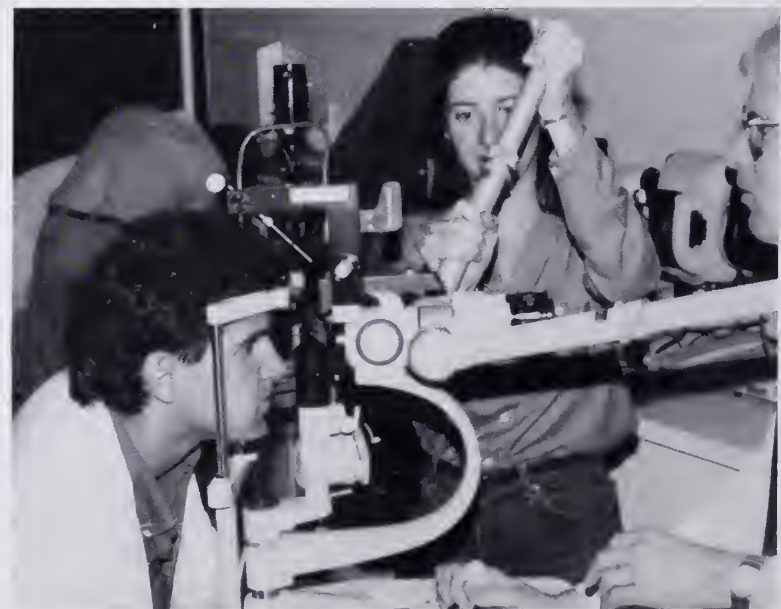

*You'd walk around like this too if you sat in the front row in Public Health!*

*Might as well bet it here rather than pay it in tuition.*

*Marge and Nancy hitting the bars*

*T-Minus 100  
And Counting*

*Another exciting ICO party, huh Steve?*

*I know I put that cheat sheet somewhere.*

*You can take your hand off my butt now!*

*We just love ICO*

*"I never went to Class!"*

*"Did you see the size of that Bratwurst?!"*

*Forgive me father for I have sinned.*

*Keep it down out there I'm trying to sleep!*

*You're right that is a big booger.*

*Next!!*

*Four years at ICO and any woman looks good.*

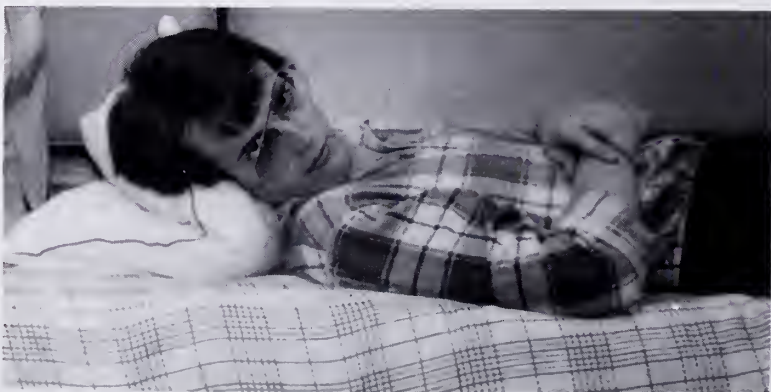

# *Special Times Are Meant To Be Remembered*

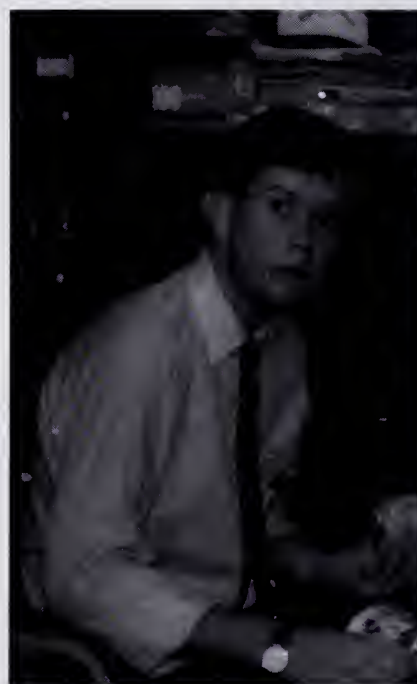

*Billy Eye-dol*

*No, no- He's the one with the funny accent!*

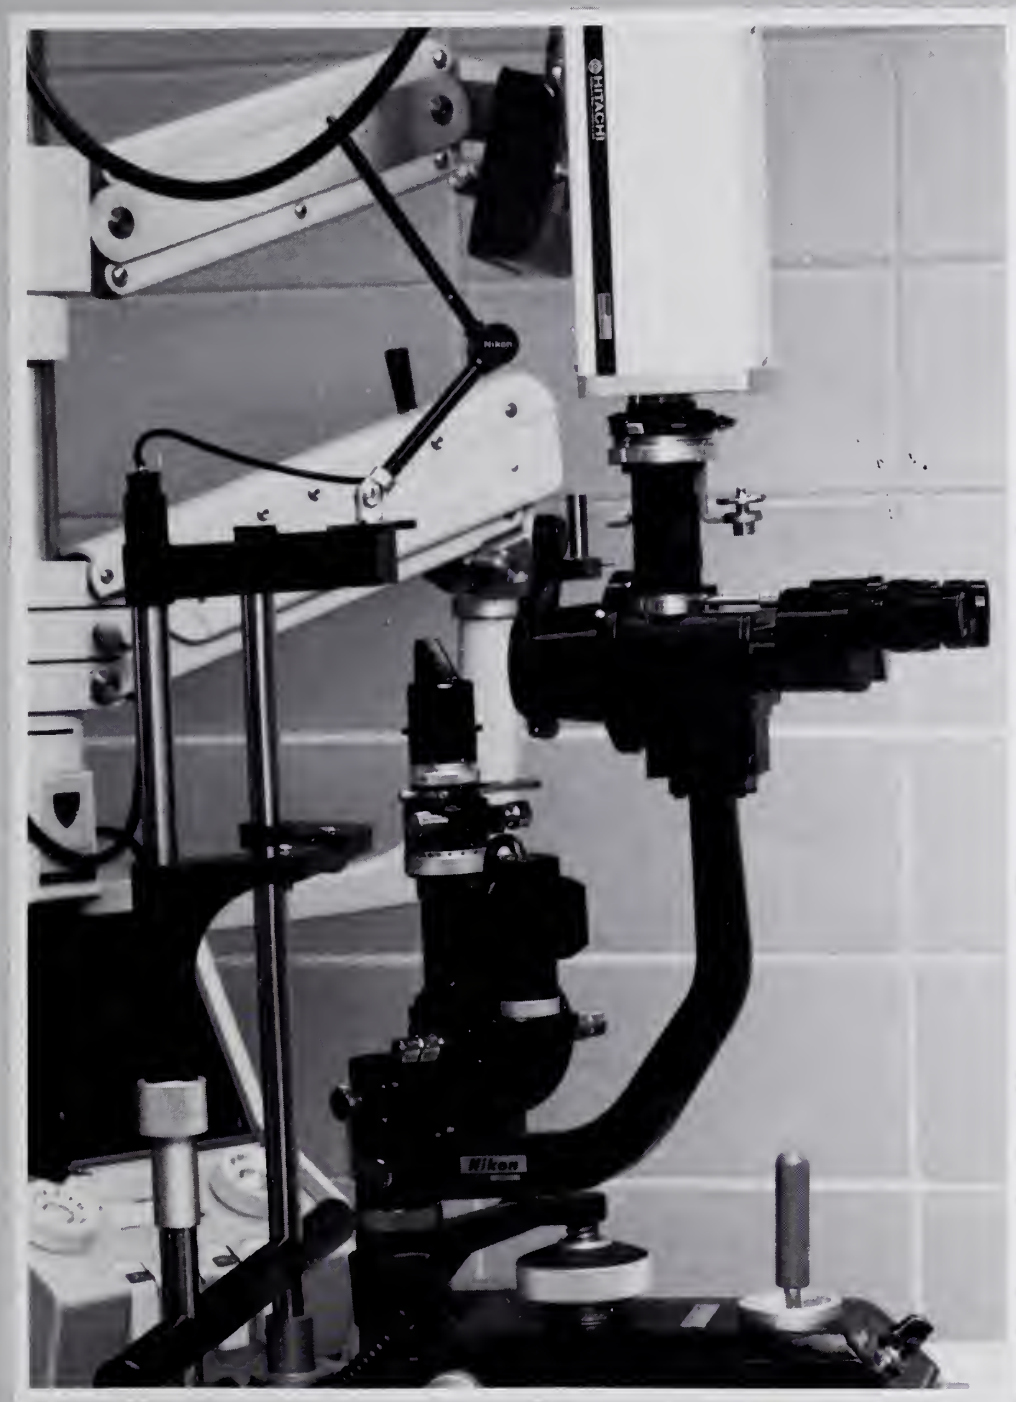

*"What-Me worry"?*

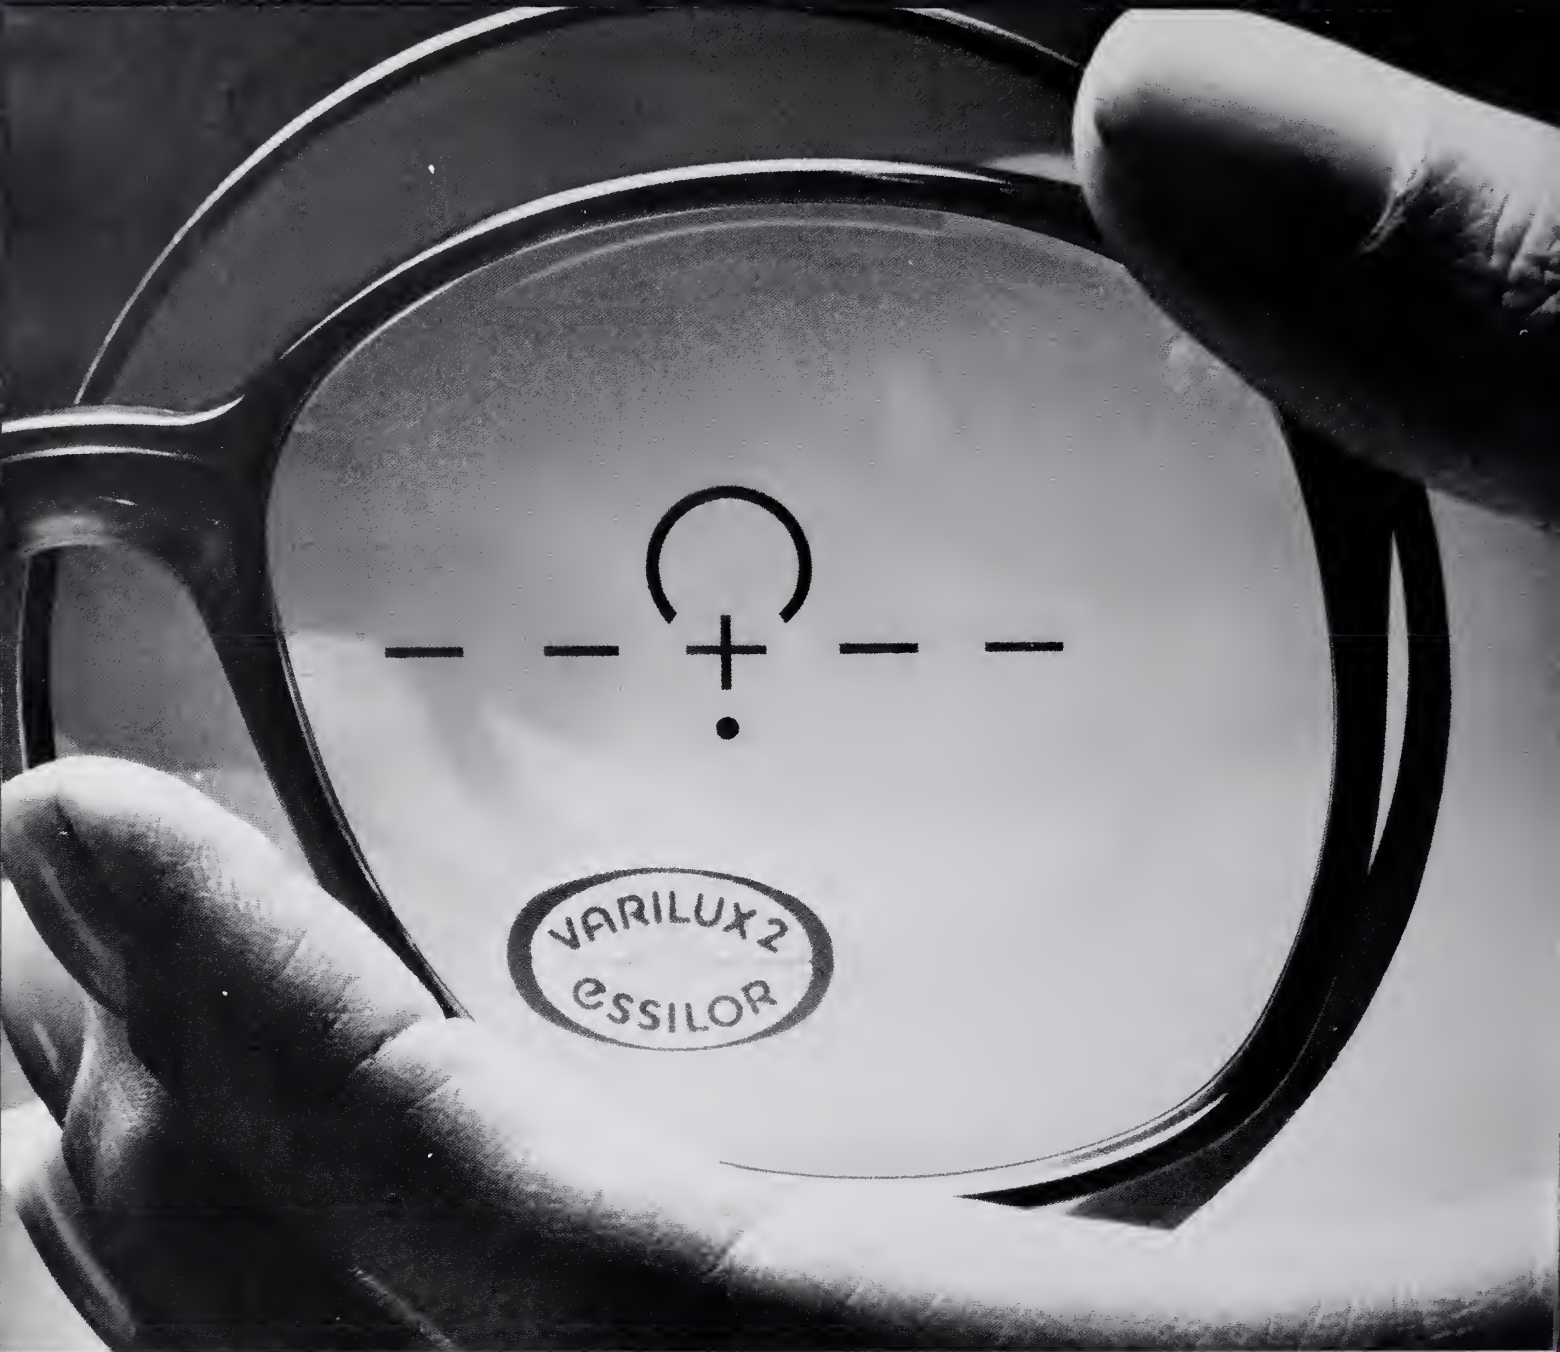

*I got a "B" in what?!*

# Benson Can Open The Door To Your Future.

You've invested several years of hard work and thousands of dollars to reach the threshold of a successful future. Now you're ready to go on your own, establish your own practice, and begin making your investment pay off. At Benson, we understand what a major transition that can be, and we're here to help.

## Over 70 Years of Quality, Service and Expertise.

Benson has helped many new doctors make the step from graduation to active practice. We have twenty full-service laboratories, seven strategically located equipment centers, a variety of complete instrument lines, a wide selection of quality lens products, frame products featuring both exclusive and popular domestic lines, and the expertise to fill simple as well as the most difficult Rx's. Benson's

highly skilled personnel will answer your questions, talk your language and provide professional solutions to your needs. We can even

assist in the location of practice opportunities and provide office planning and management consultation services that you can rely on throughout your career. What's more, Benson offers multiple finance plans to help make your transition an easier one.

## One Phone Call Answers All Your Professional Needs.

Call Benson today. We're professionals helping professionals. People who understand how important your future is to our future. And we're here to help you build a bright one.

# Let Us Help You Begin Your New Practice

## The Bausch & Lomb New Practitioner Program

Congratulations Doctors! We hope to be your partner in eye care for years to come.

We know that having large fitting sets of contact lenses can give a new practice a big boost. However, acquiring the many types of lenses that are required to satisfy the vision requirements of your patients can be very costly. That is why we offer new practitioners a special no-cost trial lens program for our most popular lenses.

It's a combination program featuring consignments of Bausch & Lomb SOFLENS (polymacon) Contact Lenses (including bifocal lenses) and a SAMPLER set of BAUSCH & LOMB (hefilcon B) Toric Contact Lenses and BAUSCH & LOMB CW79 (lidofilcon B) Contact Lenses for aphakia. Here is how this program works.

After graduation you may receive on consignment your first 24 standard spherical lenses and your

first 24 bifocal lenses for no charge. Plus, we will send you our SAMPLER set of 24 Toric lenses and 10 CW79 lenses for aphakic extended wear for a six-month trial. At the end of six months, you can either buy the SAMPLER lenses at a reduced cost or return them without charge.

You enjoy free use of the lenses with no financial risk.

This program provides you a total of 82 lenses for your new practice.

Additional lenses may be consigned for a small one time fee. You may participate in the Bausch & Lomb New Practitioner Program any time during the first 24 months after you graduate. Or, if you enter the military service after graduation, you'll be eligible for the program for 24 months after you leave the service.

When you're ready to begin your practice, call us, toll-free, at 800-828-9030. (In New York 800-462-1720, in Alaska and Hawaii 800-828-6291).

We'll have a Bausch & Lomb Professional Products sales representative contact you with all the details.
